COMPUTER EDUCATIONAL PROGRAM

**Stimu-Zone** Lap/Tabs fascinates and engages Lap/Taps are preloaded with research-based early learning software and apps hand-picked by experts. Stimu-Lap/Tabs is great for early learning and special educational programs are in use. Programs stimulate faster results with personalized learning and refocused instruction.

## Some of the advanced skills include:

1. Numeracy
2. Logic thinking and reasoning
3. Literacy
4. Perceptual Skills
5. Auditory & Visual Skills

We offer 20 Minute sessions which will be split into age and level groups. We teach only small groups to ensure individual attention. We can ensure a safe and comfortable environment in the classroom. All lessons to be done on school's property.

We will start with basic computer and tablet skills and then gradually advance to the appropriate level. Learning with computers and tablets are great fun, and highly stimulating. Give your child a great advantage at a younger age with Stimu-Zone.

## What is the advantage of using Lap/Tabs early on in education and how do tablets fit into early education

- We have to prepare kids for the future and make them comfortable with technology. It is also a new and exciting way of learning.
- Interactive media makes lessons far more engaging
- Fine motor skill development
- Vocabulary is increased drastically as is the identification of shapes, colours and numbers.
- Lap/Tabs enhances learning.
- The kids are also more interested, excited and concentrate for longer.
- Lap/Tabs offer the advantage of mobility.
- Individualizing instructions do lead to better outcomes
- Positive thinking ability stimulated- problem solving and experimenting.
